- Project title
- Short title / Acronym
- Project type
(☐ Clinical Study ☐ Registry ☐ Audit ☐ Systematic Review ☐ Basic Science ☐ Other)
- Planned start date
- Estimated project duration

Section 2 - Principal Investigator

- Name
- Institution
- Department
- Address
- Telephone
- Email
- Co-investigators (Optional)

Section 3 - Project Summary

Lay summary (max 250 words)

A short description of the project that can be understood by a broad clinical audience.

--

Section 4 - Scientific Proposal

1. Background & Rationale

(Max 500 words)

Include:

- Current evidence
- Why this project is needed
- Any pilot work

2. Research Question

- Primary objective
- Secondary objectives (optional)
- Hypothesis (optional)

3. Study Design

Include:

- Study design
- Methods

4. Feasibility

Include:

- Anticipated challenges/limitations
- Timeline (optional)

Section 5 – RCPAD Collaboration

How would you like RCPAD to support this project?

- ☐ Collaborating centres / Data collection
- ☐ Statistical support
- ☐ Methodology advice
- ☐ Other
